

School Bus – What you need to know

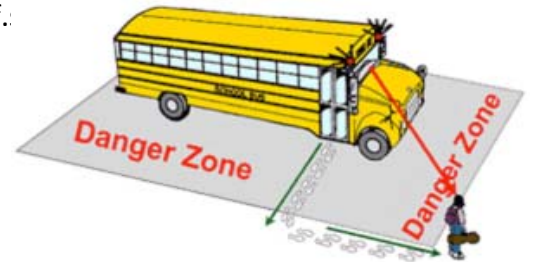

Video – For All New Students (French & English Available) <https://vimeo.com/oecmsbrs>

About The School Bus

- The school bus brings you to school in the morning and back to your designated stop in the afternoon.
- Your designated stop will be the same every day, as will the pickup and drop off time. If there is a change, you will be informed.
- Be at your stop 5 minutes early every day.
- In the afternoon, your bus will drop you at your designated bus stop close to your home (usually same location as morning). You may need to have a parent or guardian meet you for the first few days to become familiar with the surroundings.

Before and After Your Bus Ride

- The red flashing lights on the top and stop sign on side of the bus are signals that the bus is coming to a complete stop to pick up or drop off.
- If you need to cross the road, wait for the bus driver signal and always cross in front of the bus.

Rules when on the Bus

- Line up and enter the bus in single file.
- Take a seat promptly and stay seated until the bus comes to a complete stop at your school or afternoon bus stop.
- Do not place anything in the aisle. Hold books, lunch boxes and other items on your lap. Keep arms and head inside the bus at all times.

Enjoy the Bus Ride! The Bus is a Safe Place.
