Joint/Shared Custody Transportation Safety Plan (JSCTS Plan)

Students will be responsible for boarding the right bus and getting off at the right location without any assistance from the school or bus driver. Parents/caregivers must provide a student safety plan to be used in the event a student boards the wrong bus and is transported to the wrong location for that day.

Parents/caregivers are responsible for the safety of their children prior to the bus pick up and following the drop off at either location.

A) How will your student(s) know which bus to on and/or which stop to get off at?

B) What is your student safety plan in the case your student(s) is/are dropped off at an incorrect location on an incorrect day? (i.e. student has a cell phone, neighbour)
